

TENNY WON IN SLOW TIME

Defeating Key Del Rey and Kingston for a Special Purse at Gravesend.

Willow Stakes Won by Yorkville Belle—War Between the Track and Pool-Rooms Still On—Close of the Penn Races.

GRAVESEND, N. Y., Sept. 19.—Fully ten thousand persons made the journey to the race-course fully expecting to hear that the fight between the pool-rooms and the track had been settled, but they were sadly disappointed. Neither side would make any concessions. The weather was perfect, the track in magnificent shape and the racing above the average. The feature of the day's racing was the first special. Tenny, the favorite, won slow time. The other stake feature was the Willow, for two-year-old fillies, and was won easily by the odds-on favorite Yorkville Belle. The Cokena filly, which finished second, was all but left at the post, otherwise she would have given the winner a hard race. The board of control, at a meeting held today, suspended jockey Beards' license for misbehavior at the post.

Race—Six furlongs. Chesapeake won by half a length from Cook, who beat Tormentor two lengths for the place. Time, 1:15 1/2.

Second Race—One mile. Tulla Blackburn took the lead when the flag fell. At the half Dalgarn took up the running and piloted the field to the stretch, where there was a general closing up. Then Madstone and Homer drew away and, after a driving finish, a dead heat between them was the result, with Dalgarn third, two lengths away. Time, 1:42 1/2.

Third Race—Willow stakes, for three-year-old fillies six furlongs. Yorkville Belle won easily by two lengths from the Cokena filly, who beat Emma Primrose four lengths for the place. Time, 1:15 1/2.

Fourth Race—For three-year-olds and upward, \$5,000 added; one mile and a quarter. Murphy took Key Del Rey out in front, and set the pace, with Tenny and Kingston next. They kept this order to the far turn, where Key Del Rey was two lengths in front of Kingston and Tenny, who was on even terms behind. Kingston passed Tenny on the turn, but Barnes made no move on the way back until the stretch was reached. Then he cut loose, and Tenny came away very easily, winning in a great big gallop by four lengths from Key Del Rey, who beat Kingston three lengths. Time, 2:09 1/2.

Fifth Race—For two-year-olds, five and half furlongs. Actor won by a length from Temple, who beat Harrier half a length for second money. Time, 1:30 1/2.

Sixth Race—Six furlongs. St. Charles won by a length from Lord Harry, who beat Bobo a head for second money. Time, 1:15 1/2.

Seventh Race—Six furlongs. Sid George won by a head, while Lanny beat Gold George two lengths for the place. Time, 1:16.

PEBB, Ind., Sept. 19.—The last day of the Miami county fair and races closed today with a large attendance and good races. The great race of the day was the final heat of the 219 trot, postponed from yesterday. Wash county was down in force to see their favorite, and the enthusiasm knew no bounds when the result was announced of Penn winning.

Omar Hale, the driver, was fined \$10 and \$25 for disregarding the judges' admonitions. Prince Natwood trotted to beat his record of 2:29 1/2, making it 2:35. Summaries:

Budd Double's Challenge.

CHICAGO, Sept. 19.—Budd Double, of this city, sent a communication today to E. A. Tyson, secretary of the Lexington, Ky., Trotting Association, in which he refers to the various published dispatches to the effect that he (Double) is afraid to trot Nancy Hanks against Allerton and concludes with this proposition: "If your association will offer a purse of \$6,000 to a race of mile heats, three in five in harness, at your meeting, the winner to take all, on any good day and track which your association may name, earlier than one week from the day on which Nancy Hanks trots at Terre Haute, which I think is Thursday preceding the week of your meeting."

Run Off the Track.

CINCINNATI, O., Sept. 19.—Today's races at Latonia were full of incident. Burns's mount in the first race, Grandpa, fell, and Joe Walton, coming up behind, tumbled over Grandpa. After the race an investigation resulted in Burns being ruled off for the rest of the meeting for reckless riding. In the fifth race Miss Hera was hurt so badly about the posterior joint of the left fore leg that she will probably be out of the winners in the various events were: Tenor, Lou Dudley, Prince Fortunatus, Nina Archer, Lake Breeze and American Lady.

Attention King of Stallions.

INDEPENDENCE, Ia., Sept. 19.—A new mark has been set for the world's stallion record at 2:09 1/4. Allerton, who divided honors with Nelson last night, is again king of stallions, having gone today in one mile heats in the following figures: 1:52 1/4, 1:50 1/4, 1:37 1/2, 2:09 1/4. Williams predicted that he will go in 2:07.

Garfield-Park Winners.

CHICAGO, Sept. 19.—Jockey Jones was fined \$50 and suspended two weeks at Garfield Park today for striking jockey Irvine and interfering with Corrine so that Irvine could make first.

Corrine was given first place by the judges. The other winners were Long Brock, Royal Flush, Addie, Mary McLean and Pan King.

Record-Breakers Gathering.

Special to the Indianapolis Journal.

CAMBRIDGE CITY, Ind., Sept. 19.—The noted horses that have arrived here embrace Nelson, Direct, Nancy Hanks, Moubars, Hal Pointer, Jonston and Dallas. Their trainers are guarding them well and they will be in line for the big events next week.

MADE TOO MUCH RAIN.

Melbourne's Experiments at Cheyenne Brought More Moisture than Was Wanted.

CHICAGO, Sept. 19.—Lester Kebra, a wealthy cattleman of Cheyenne, Wyo., now in this city, talked to a reporter of the recent rain-making experiments of Frank Melbourne, at that place. "I was present during Melbourne's experiments recently at Cheyenne," said he, "and the results were certainly startling. Ex-Governor Baxter, of Wyoming, Perry Oregon, a large ranch-owner, and President Malchris, of the Melrose National Bank, were also present during the performance of the Ohio man. They were skeptical when they came on the ground in the Cheyenne suburbs from where the rain-producer was to carry on his communication with the clouds. The experiments were made from the loft of a barn out on an open space, four hundred yards from a farm-house. There was a hearty laugh from the people when Melbourne came out of the barn, attired in nothing but a pair of trousers and a flannel shirt, and said: 'Ladies and gentlemen, we have a shower at 12. This was at 8 o'clock, and he added, 'You will not laugh so hard at noon. You will be wishing for umbrellas about that time.'"

"Melbourne then disappeared inside the barn and opened a little trap door he had temporarily opened in the roof. The crowd looked at the clear sky and pronounced Melbourne a fraud. At 10:45 there was not a cloud visible, and the indications for rain were as far off as ever. The weather bureau for that district had predicted continued fair weather. Slowly, about 11 o'clock, the clouds began to creep up over the horizon; they came from both the east and the west, and met directly above us. At 12:03 it began to drizzle, and at 12:20 the rain was coming steadily. The rain was general around Cheyenne. At 2 o'clock, or fifteen minutes before that hour, the rain had ceased, the clouds had disappeared and the sun was shining as brightly as it was at 9 o'clock."

"Melbourne came out, his face was flushed and the clothing on him was wringing wet with perspiration. He said to ex-Governor Baxter: 'Governor I will give you another shower at 3 o'clock.' Melbourne put in an appearance and soon after 3 o'clock the clouds put in an appearance the same as before. The rain began to fall. It came down quite hard, and at 4 o'clock, when it ceased, there was mud and little pools of water in every direction. At 4:20 the sky was again as clear as ever, and for the second time Melbourne put in an appearance and said: 'The next shower will be at 6 o'clock.'"

"For heaven's sake call him off or he will drown us out," said a man who had witnessed the remarkable performances of the Ohio man.

"Governor Baxter did call him off." He informed Mr. Melbourne that he and his associates were thoroughly satisfied with the experiments."

Promised \$500 to Produce Rain.

TOPEKA, Kan., Sept. 19.—Professor Melbourne, of Australia, has entered into a contract to make rain at Goodland, Sherman county, this State Sept. 26. He is to receive \$500 for causing rain to fall over a territory within a radius of fifty miles of Goodland. Goodland is within fifteen miles of the Colorado line. That part of the State is greatly in need of rain. It has been found impossible to irrigate and the settlers have raised the money for making the rain test. Governor Humphrey has been invited to be present and will probably go. A delegation from Topeka will attend.

Crashed Into Each Other.

Union Pacific Passenger Trains Collide, and Five Persons Are Killed.

POCATELLO, Ida., Sept. 19.—A disastrous wreck occurred yesterday on the Union Pacific, at Port Neuf, a station six miles from Pocatello. Passenger trains Nos. 1 and 2 collided, killing five men and seriously injuring several others. The killed are: Weidenmyer, mail clerk, and four Indians from Fort Hall reservation. The injured are: Charles Hoyt, engineer; Chris Mackenzie, P. P. Gunderson, mail clerk; Lyons, two tramps and a squaw. Lyons was fearfully scalded, and received internal injuries. Engineer Hoyt had his shoulder-blade broken, and is otherwise badly bruised. Mackenzie and Gunderson both had their right arms broken, and were terribly cut.

When train No. 2 left Pocatello the conductor had orders to side-track and pass No. 1 at Port Neuf station. As No. 2 neared that point it was discovered that No. 1 west-bound had the right of way and was just stopping. When within less than half a mile of No. 1 the engineer of No. 2 examined his air-brake and discovered that he had no control over the train. He immediately whistled down brakes, but before the brakemen could respond the trains were within a few feet of each other, and in another second No. 2 crashed into the other train, then at a standstill. No. 2 was running at a high rate of speed and the concussion was terrific. Before the collision the engineers and firemen of both trains jumped. All escaped uninjured except Hoyt. A scene of confusion followed. Engines and mail cars were piled in heaps, and the groans of the injured filled the air. The dead and wounded were taken from the debris and given the best possible care. The coroner's jury held an inquest last evening on the body of Weidenmyer and attaches to blame to the railroad company as the air-brakes were working well when the train left Pocatello. Lyons, though fearfully injured, may survive. None of the passengers was injured.

Brakeman and Fireman Killed.

CHATTANOOGA, Tenn., Sept. 18.—A collision between two freights on the Cincinnati Southern road took place yesterday between Harrison and Oakdale, caused by a mistake or disobedience of orders by the north-bound train, which should have waited at Harrison. Brakeman Stewart, of Chattanooga, and fireman William Weir, of the north-bound train, were killed. Fireman T. Connor, of the south-bound train, was injured. Both engineers escaped.

Circus Cars Wrecked.

WASHINGTON, Pa., Sept. 19.—Two cars belonging to John Robinson's circus were wrecked on a side-track near here this morning. The cars were filled with employees of the show, and their escape from death was marvellous. As was an actress, was probably fatally injured. The accident was caused by a broken brake-beam.
